

*Symbol of Reliability*

# **INTRODUCTION**

**KAKKU E & P Control Private Limited (Previously Known as Electronic & Power Control Company)** Bhilai, was founded in the year 1968 with a clear vision of “Make in India” through Import Substitution of EOT Crane electrics required by Core sector Industries both in India and abroad. It was started in the year 1968 by a young entrepreneur Rajesh Bahadur Mathur, a BE (Electrical) from the illustrious BIT’s Pilani of 1967 batch, who led the Industry into Engineering, Manufacturing, Technology and Service. Electronic and Power Control Company trademarked its products under the brand name of “KAKKU” and in no time this brand name became a symbol of Reliability quality, durability and precision. Actually this brand name was the nickname of Rajesh Bahadur Mathur himself!

Steadily but surely, the “KAKKU” tag made its presence felt in major Industries and its Product range which began with Electrical Relays, forayed into Control & Selector Switches, Master Controllers, Limit Switches and AC & DC Electro Magnetic Brakes, Lifting Electromagnets, Armchair Control Unit, Crane Cabins, for various type of Cranes & E.O.T Cranes. Besides Cranes, Commander Controllers required for Blast Furnace and Rolling Mill applications for Steel Plants were also added to the product range. The complete Product range is reflected in the Company Brochure.

In 1978, Rajesh Bahadur Mathur, the current Chairman of KAKKU Group, got his first Award from the Indian Government for Import Substitution. In recognition of his professional contribution in the field of Import Substitution, he was conferred the Lifetime Achievement Award by the pan-India association, the Institution of Engineers (India) in 2013. Again, in the year 2016, Electronic & Power Control Company got the maiden “Skill India Award 2016” from the Ministry of Skill Development & Entrepreneurship of the Government of India. This clearly shows the consistency and reputation earned by the KAKKU group since last 50 years.

Today, **KAKKU E & P Control Private Limited** addresses critical needs in key sectors including Steel, Power, Mines and Engineering and maintains its leadership in all EOT Crane electrics. KAKKU is the most prestigious brand in the global market for EOT crane electrics and Electro Lifting Magnets. Its products are installed all over the world. By its sheer innovation, dedication and quality control, KAKKU is also committed to provide prompt after-Sales Service to all its esteemed customers and pledges to make Total Customer Satisfaction its first and foremost priority.
